

Oxy Blast System Guarantee

Janssen Ventures Inc., in cooperation with the distributor and/or dealer involved in your sale, offers the following guarantee on our Oxy Blast system after a minimum period of 6 months, if you are not completely satisfied:

- 1) We will refund you **100%** of the pump or pumping system cost, provided you purchased it through Janssen Ventures Inc.'s dealer or distributor.
- 2) We will refund you **100%** of any unused Oxy Blast, whether the drums is full or not.
- 3) We will refund to you **50%** of any Oxy Blast that has been used through the livestock or poultry while treating their water.

Conditions of the Guarantee:

- 1) A sample of your water has been taken and sent in for analysis so we can make an accurate recommendation of how best to take care of any of your water issues.
- 2) You need to fill out the "Expectation & Protocol Sheet" and follow the protocol for both the Oxy Blast and any Oxy Blast companion product recommended within reason.
- 3) You let your dealer or distributor know right away if there are problems occurring during your six months period.
- 4) The pump or pumping system must be in good condition at the end of the six months.
- 5) The cost of installation, the cost of any other items needed to complete the installation, and freight are not refundable.
- 6) If the wrong nutritional diet of the animals or stray voltage is hampering the success of the Oxy Blast then those things must be remedied or the guarantee is null and void.
